Keitech Swing Impact 3" Wakasagi From Keitech

Keitech Swing Impact 3" (7.5cm) Qty 8

The Keitech Swing Impact is a proven Tournament winner. These scented, versatile swimbaits come in 6 sizes to match any fishing conditions. Keitech's original two tone colour injection process uses different types of salted plastics to achieve better balance and action, with impregnated squid scent. The Swing Impact arguably has the finest swimming action of any comparable swim bait in existence. The superior design incorporates a fish attracting wobble and a tight swimming action that drive predators wild. The Swing Impact is truly versatile and can be rigged and fished multiple ways. Fish it on the straight retrieve, mid water or even on the surface, or drag it slowly on the bottom.

Specifically weighted salted plastics provide better balance & action
